

BEAR'S DEN

Private cottage with hot tub on two acres, overlooking the Ivy River. 2 Bedrooms, 1 Bathroom, Sleeps 6

This wonderful cottage is located on two secluded acres close to Asheville. Just renovated in Oct. of 2005, all furnishings are new along with top quality linens and towels. There are hardwood floors throughout. Enjoy views of the mountains and listen to the roar of the river from the large deck that the new six person hot tub sits on or while reading on the wrap around porch. Engage in one of the many yard games or take a nap on the hammock.

There is hiking on grounds or in the Pisgah Natl Forest, fishing in the river below. The lawn is beautifully landscaped with many flowers and bushes. In season, pick fresh blackberries and raspberries in the front yard. Take a stroll around the creek on the property or down to the river. Whether it's just you and your sweetie or a fun time with the kids, Bear's Den is the perfect vacation spot! We love it and know you will too! Pets are welcome.
